

# The top ranking hospital in Canada

A great hospital is one of the cornerstones of a successful city. The Ottawa Hospital is the central heartbeat that contributes to the quality of life of the whole community – making Ottawa a strong, healthy, and prosperous city. Specializing in acute care for adults and innovative, world-leading research, it is eastern Ontario's only trauma centre and the hub of cancer care. We provide the best care to the sickest patients with the compassion that aims to treat you like a loved one and make you feel at home.

The Ottawa Hospital received Exemplary Standing in its 2017 accreditation, the highest rating possible by Accreditation Canada. This is a benchmark of the high quality of care that The Ottawa Hospital provides.

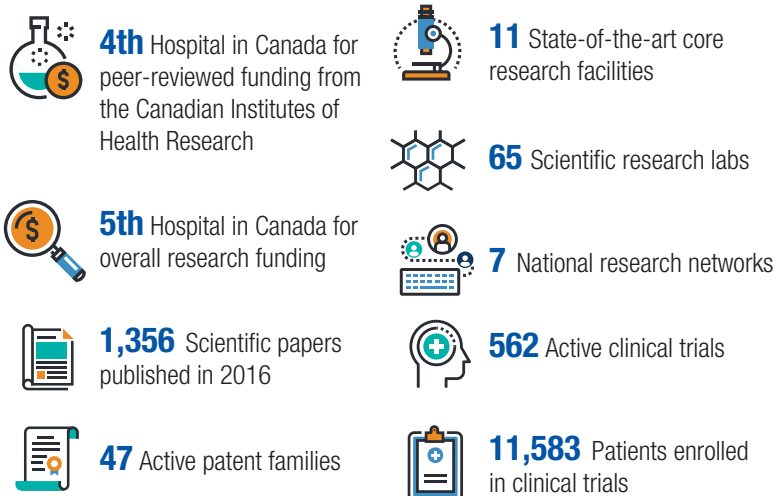

## Redesigning the future through research

The Ottawa Hospital is one of the top five research hospitals in Canada. Our researchers are investigating every major disease and re-shaping health care, replacing existing treatments with new, better methods. The ability to quickly translate new discoveries into therapies that can be tested in clinical trials is one of our unique strengths. With this ability and our international reputation for innovative stem cell research, it is no exaggeration to say that the world looks to The Ottawa Hospital for new breakthroughs and cures.

**\$1.4 Billion**  
Impact on Ottawa economy due to our research (since 2001)

## 2,069 Researchers

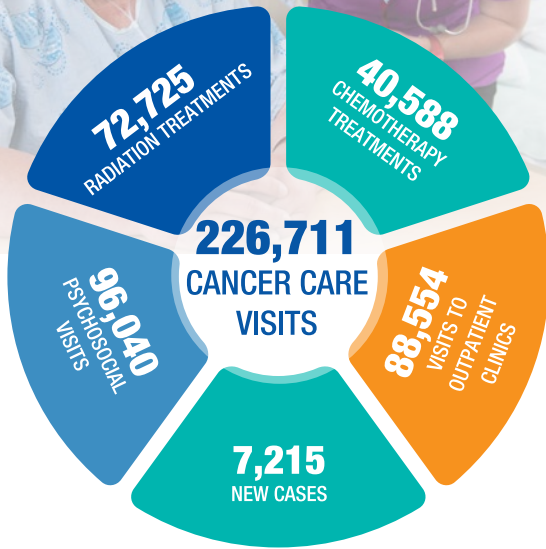

## Fighting cancer with world-leading breakthroughs

In the next 15 years, we will see a 40 percent increase in cancer – about one in two Canadians will develop cancer in their lifetimes. The Ottawa Hospital Cancer Centre treats the vast majority of all cancer cases in the region and is prepared to deal with the toughest cases. We continuously strive for new, innovative ways to deliver better care. We conduct more than 200 cutting-edge cancer clinical trials a year, testing new drugs, and leading the way globally in investigating how to boost the immune system and using viruses to battle cancer cells.

The Ottawa Hospital Cancer Centre provides critical care at its satellite locations: Irving Greenberg Family Cancer Centre at the Queensway Carleton Hospital, Winchester District Memorial Hospital, Renfrew Victoria Hospital, and the Hawkesbury and District General Hospital.

## The Ottawa Hospital Foundation

We, at The Ottawa Hospital Foundation, consider ourselves privileged partners with a generous, caring community that holds the health of its citizens in high importance. We work to inspire and enable our community to support improvements in patient care, groundbreaking research and state-of-the-art equipment at The Ottawa Hospital.

**\$11.7 MILLION FOR RESEARCH**  
**\$8.6 MILLION FOR PATIENT CARE**

**\$20.3 MILLION**  
**TRANSFERRED TO THE OTTAWA HOSPITAL**

**19¢ = Our administrative cost to raise a dollar**

The Ottawa Hospital leverages every \$1 donated to generate up to \$10 in external funding.

### Donor funded projects:

- 31%** Cancer research/care
- 30%** Practice-changing research
- 25%** Hospital priority projects
- 8%** Hospital departments and equipment
- 6%** Regenerative medicine research

Inspired by research. Driven by compassion. **Inspiré par la recherche. Guidé par la compassion.**
