

Instructions to Donate Publicly Traded Securities

The Ottawa Hospital Foundation greatly appreciates your support. This form outlines the process to make your donation of stock(s) as seamless as possible.

Step 1: Fill Out Form

We require one form for each publicly traded security. This can be filled out by your broker, but it will require the donor's signature*.

Step 2: Share with your Broker

Share a copy of the signed form with your broker. This allows them to arrange the transfer of shares.

Step 3: Submit to Foundation

Send a copy of the signed form to the Foundation, allowing us to track your generous gift and to inform our broker. This can be done by you or your broker.

Email: donatingstocks@toh.ca

Fax: 613-761-5014

Phone: 613-798-5555 ext. 70626

*As a result of measures put in place because of COVID, we are able to use and accept electronic signatures. We are using DocuSign. Please email us at donatingstocks@toh.ca if you would like us to organize the capture of electronic signatures for you.

Please retain shares in book base form	

A tax receipt will be issued for income tax purposes. The value of the receipt will be determined by the Fair Market Value of the securities on the date the securities are received in the Foundation's brokerage account, based on the market closing price for the day. If sold prior to the close of day, the Fair Market Value will be the sale value before commissions. In accordance with our Board Policy, securities will be sold as soon as possible.
