It's Time...

for a night to remember as we celebrate innovation and research at The Ottawa Hospital, commemorate the 100th anniversary of the Civic Campus, and honour our community's generous, ongoing support of the Campaign to Create Tomorrow.

We're not just building a new hospital, but we're constructing a legacy of innovation, research, and healthcare transformation, and this is your opportunity to take part in this ambitious future.

Join 600 guests and begin the evening with a menu of delicious appetizers and a signature drink. You are then invited to be seated for a plated main dinner, followed by a visual presentation that promises to inspire you! Hear from our dynamic duo, President & CEO of the Ottawa Hospital Cameron Love, and President & CEO of The Ottawa Hospital Foundation Tim Kluge and celebrate as we honour the incredible achievements of this year's Research Award recipients and, most importantly, YOU and the community's incredible philanthropic support.

But the night doesn't end there!

Sample incredible creations at our dessert and drink stations, and then dance the night away with a very special live musical performance by Canada's reigning champs of nostalgia Dwayne Gretzky.

This is more than an event, it's an immersive experience, marking an important time in history.

We hope you will join us.
