

What might seem impossible today will be the everyday care of tomorrow.

You can help reshape the future of healthcare.

It wasn't very long ago that penicillin – a lifesaving medication that is now so commonplace – was used for the very first time.

Now, we are using viruses to recognize and attack cancer. We're removing brain tumours without ever making an incision, and we're using stem cells to halt devastating diseases.

We have come so far, and we're just getting started. This is the impact of donor generosity – you help make the impossible, possible.

And with the support of forward-thinking donors who are choosing to include The Ottawa Hospital in their estate plans, we can help fuel the cutting-edge treatments and care of tomorrow.

IMAGINE WHAT MIGHT BE POSSIBLE TOMORROW.

Through a legacy gift to The Ottawa Hospital, you can be part of making tomorrow's breakthroughs possible. Estate planning is all about providing a healthier future – for your children, grandchildren, and community.

By planning today, you will contribute to provide better patient care, the most modern facilities and equipment, and scientific breakthroughs for generations to come.

JOIN US IN CREATING A BETTER TOMORROW.

WHAT IS A LEGACY GIFT OR AN ESTATE GIFT?

Both terms refer to a donation to a charity made through your will or estate plans. These donations can take several forms, such as cash, securities, or even property.

Build a Legacy of Care

CHARITABLE REGISTRATION NO.
86904 2747 RR0001

Thank you for including The Ottawa Hospital in your estate plans. A gift through your will is a thoughtful way to invest in the future of healthcare in your community. It is a way you can help to build a legacy of care.

If you have provided an estate gift to The Ottawa Hospital, we would greatly appreciate your help in completing this bequest confirmation form.
